SUPPLEMENTAL ESTIMATES OF APPROPRIATION

COMMUNICATION

FROM

THE PRESIDENT OF THE UNITED STATES

TRANSMITTING

SUPPLEMENTAL ESTIMATES OF APPROPRIATION FOR THE FISCAL
YEAR 1947, IN THE AMOUNT OF \$353,398,633

FEBRUARY 13, 1947.—Referred to the Committee on Appropriations and ordered
to be printed

THE WHITE HOUSE,
Washington, February 13, 1947.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

SIR: I have the honor to transmit herewith for the consideration of Congress supplemental estimates of appropriation for the fiscal year 1947, in the amount of \$353,398,633.

The details of these estimates, the necessity therefor, and the reasons for their transmission at this time are set forth in the letter of the Director of the Bureau of the Budget, transmitted herewith, in whose comments and observations thereon I concur.

Respectfully yours,

HARRY S. TRUMAN.

EXECUTIVE OFFICE OF THE PRESIDENT,
BUREAU OF THE BUDGET,
Washington 25, D. C., February 13, 1947.

The PRESIDENT,
The White House.

SIR: I have the honor to submit herewith for your consideration supplemental estimates of appropriation for the fiscal year 1947 in the amount of \$353,398,633. They represent that portion of the cost of several pay bills which it is estimated the various agencies will not be able to absorb within available funds. The specific pay bills included are (1) the Federal Employees Pay Act of 1946 (Public

Law 390) which is principally applicable to employees under the Classification Act; (2) Public Laws 317, 386, and 577, which granted increases to employees of the postal service; (3) Public Laws 491 and 568 relating principally to certain employees of the District of Columbia; and (4) Public Laws 567 and 582 which increased the compensation of justices and judges and the fees of commissioners.

The total cost of the above laws for the fiscal year 1947 is estimated at \$598,986,000. Of this amount the Federal Employees Pay Act (Public Law 390) will cost \$417,056,650 of which 56 percent will be absorbed within available funds. The laws relating to the postal service, the District of Columbia, and the courts will cost \$181,929,350 of which approximately 1 percent is to be absorbed.

These supplemental estimates provide only for the increased pay costs for those employees paid from appropriations contained in the annual appropriation acts for the fiscal year 1947 (or from funds continued available from prior years) and in the Third Deficiency Appropriation Act, 1946, approved July 23, 1946, and the First Supplemental Appropriation Act, 1947, approved August 8, 1946. All supplemental estimates for additional personal services for the fiscal year 1947 which are submitted during the present session of Congress will include sufficient funds to meet the increased pay costs.

The attached statement shows by departments and agencies (1) the total increased pay costs of the various acts, (2) that portion of the total cost which will be absorbed within presently available funds, and (3) the supplemental appropriations required. The information for those functions or agencies which have been transferred during this fiscal year is included on a full-year basis under the agency to which transferred.

The supplemental estimates, listed by departments and agencies and appropriations involved, are as follows:

INCREASED PAY COSTS

For additional amounts for appropriations for the fiscal year 1947, to meet increased pay costs authorized by the Acts of March 6, 1946 (Public Law 317), May 21, 1946 (Public Law 386), May 24, 1946 (Public Law 390), July 5, 1946 (Public Law 491), July 31, 1946 (Public Laws 567, 568, and 577), and August 1, 1946 (Public Law 582), and other legislation enacted during or applicable to said fiscal year authorizing increases in pay of Government officers and employees, as follows:

DIVISION OF EXPENSES

The sums appropriated in this Act for the District of Columbia, shall, unless otherwise specifically provided, be paid out of the general fund of the District of Columbia, as defined in the District of Columbia Appropriation Act, 1947.

Grand total-----	353, 398, 633

SEC. 2. The restrictions contained within appropriations or affecting appropriations or other funds, available during the fiscal year 1947, limiting the amounts which may be expended for personal services or for other purposes involving personal services, or amounts which may be transferred between appropriations or authorizations, are hereby waived to the extent necessary to meet increased pay costs authorized by the Acts of March 6, 1946 (Public Law 317), May 21, 1946 (Public Law 386), May 24, 1946 (Public Law 390), July 5, 1946 (Public Law 491), July 31, 1946 (Public Laws 567, 568, and 577), and August 1, 1946 (Public Law 582), and other legislation enacted during or applicable to the fiscal year 1947 authorizing increased pay for civilian employees of the Government.

The provision waiving certain limitations in appropriation language is essential because those limitations made no provision for the increased cost resulting from the enactment of the Federal Employees Pay Act of 1946 and other similar legislation.

The foregoing estimates of appropriation are required in connection with legislation enacted since the transmission of the Budget for the fiscal year 1947. I recommend that they be transmitted to the Congress.

Respectfully yours,

JAMES E. WEBB,
Director of the Bureau of the Budget.

HIGHLIGHTS: Senate debated sugar-controls continuation. Senate discussed bill to pay grain bonus to those who sold before bonus was offered. Senate committee reported National Science Foundation bill. House committee reported bill to authorize CCC to support wool through 1948 and to sell it without restrictions.

SENATE

- SUGAR CONTROLS.** Began debate on S. J. Res. 53, to continue sugar controls and transfer them to this Department (pp. 2682-95, 2706). Debated an amendment by Sen. Tobey, N. H., to require sugar to be allocated for home consumption at not less than 35 pounds per capita per year and that any increase for allocation in 1947, over the amount recommended by the International Emergency Food Council for allocation to the U. S., shall be allocated for home consumption until the allocation equals 50 pounds of refined sugar per capita (pp. 2693-5, 2706). Rejected, 26-48, a motion to lay this amendment on the table (p. 2695).
- GRAIN BONUS.** Sen. Williams, Del., spoke against S. 669, to provide for payment of the 30-cents corn-wheat bonus to farmers who sold their grain before the bonus was announced, and Sen. Langer, N. Dak., spoke in favor of it (pp. 2704-6).
- RESEARCH.** The Labor and Public Welfare Committee reported with amendments S. 526, to create a National Science Foundation to promote the progress of science, advance the national welfare, etc. (S. Rept. 77)(p. 2675).
- NOMINATION.** Debated the Lilienthal nomination (pp. 2677-82).
- FCIC AUDIT.** Received the GAO audit report on FCIC for the fiscal year 1945 (see Digest 56); to Expenditures Committee (p. 2674).
- PERSONNEL.** Received from the Civil Service Commission a proposed bill to amend the Classification Act (see Digest 56); to Civil Service Committee (p. 2674).
- FLCOD CONTROL.** Received a Calif. Legislature memorial favoring flood-control

appropriations (p. 2674).

8. WAR POWERS. S. 931, as reported (see Digest 56) limits the powers under Title III of the Second War Powers Act to June 30, 1947, except for sugar and rubber; prohibits allocation of any item which was not being allocated on Mar. 24, 1947; and declares congressional policy that such powers be removed except in limited instances which should be provided for by specific legislation. The committee report states, "It is felt that the chronology...clearly indicates delay on the part of the executive department in supplying data and justification evidence to the committee". The report also lists the orders still in effect under the Act. It is expected that the bill may be taken up on the Senate floor today (p. D62).

HOUSE

9. WOOL PRICE SUPPORTS. The Agriculture Committee reported without amendment H.J. Res. 158, to authorize CCC, until Dec. 31, 1948, to support wool prices at the same price and on the same terms and conditions as in 1946, and to permit CCC, until Dec. 31, 1948, to dispose of wool owned by it without regard to any restrictions of law (H.Rept. 186) (p. 2769).
10. DEFICIENCY APPROPRIATIONS. Passed without amendment H.J. Res. 159, which includes items for increased pay costs of various agencies, not including this Department (pp. 2708-10). The bill had been reported earlier in the day (H.Rept. 185) (p. 2769). The Committee report states: "Upon the receipt of the budget estimate in February, the committee instituted a survey of the items proposed with a view to reducing such amounts wherever possible. The items included in the accompanying resolution aside from the legislative branch are for those agencies of the Government where the committee has completed its study and determined that no absorption, above that proposed in the budget estimate, can be expected...As to the other agencies of the Government, not included in the accompanying resolution, the committee has not completed its study and will make recommendations with respect thereto in a general deficiency bill to be reported to the House in the near future."

1. TAXATION. Began debate on H.R. 1, the tax bill (pp. 2711-68). During the discussion several members criticized the consideration of tax legislation before the legislative budget has been agreed to.
2. WILDLIFE; TRANSPORTATION. Received Mont. Legislature memorials urging Federal support in the control of predatory animals and action by the ICC to relieve the boxcar shortage (p. 2770).

BILLS INTRODUCED

3. FARM PROGRAM. S. Con. Res. 11, by Sen. Thye, Minn. (for himself and Sens. Aiken, Vt., and Young, N.Dak.), to establish a joint committee to study and investigate existing and pending agricultural legislation and the trends, needs, and problems of U.S. agriculture. To Agriculture and Forestry Committee. Remarks of author. (p. 2676.)
4. REPORTS; PUBLIC LANDS. S. Res. 97, by Sen. Butler, Nebr., to extend to May 31, 1947, the time in which the Public Lands Committee may report on 79th Congress investigations. To Public Lands Committee. (pp. 2676-7.)

House of Representatives

WEDNESDAY, MARCH 26, 1947

The House met at 11 o'clock a. m.
Rev. W. Lowrey Compere, pastor, Northside Baptist Church, Jackson, Miss., offered the following prayer:

O God, our Father, we humbly and gratefully acknowledge Thy marvelous goodness to us. In spite of all our sins and shortcomings, Thou hast been gracious and merciful unto our land. May we prove worthy of the manifold blessings Thou hast bestowed upon us.

We pray now for the Members of this body as they deliberate today. Give them strength equal to their responsibilities, wisdom equal to the tremendous issues they face, and divine guidance equal to the decisions they must make.

May the righteousness that exalteth a nation prevail throughout this land of ours. May our people be true to Thee and to Thy great principles of human conduct, and may America fulfill her destiny in Thy great plans for the nations of the world.

These requests we make in the name of Thy Son our Saviour. Amen.

DIVISION OF EXPENSES

The sums appropriated in this act for the District of Columbia shall, unless otherwise specifically provided, be paid out of the general fund of the District of Columbia, as defined in the District of Columbia Appropriation Act, 1947.

SEC. 2. The restrictions contained within appropriations or affecting appropriations or other funds, available during the fiscal year 1947, limiting the amounts which may be expended for personal services or for other purposes involving personal services, or amounts which may be transferred between appropriations or authorizations, are hereby waived with respect to the foregoing items to the extent necessary to meet increased pay costs authorized by the acts of March 6, 1946 (Public Law 317), May 21, 1946 (Public Law 386), May 24, 1946 (Public Law 390), July 5, 1946 (Public Law 491), July 31, 1946 (Public Laws 567, 568, 577), and August 1, 1946 (Public Law 582), and other legislation enacted during or applicable to the fiscal year 1947 authorizing increased pay for civilian employees of the Government.

Mr. TABER. Mr. Speaker, this resolution has been reported by the Committee on Appropriations, providing for funds for certain agencies that need the money to take care of the pay increase provided for under Public Law 390 in the last Congress. These items, I might say, have been gone over very carefully, and only the undisputed items, which are absolutely necessary, are included.

Mr. Speaker, this resolution calls for \$243,000,000. The big items involved are \$176,000,000 for the Post Office Department and \$48,000,000 for the Veterans' Administration. The other items are small and include items which the committee has examined very carefully and has found cannot be reduced. As a matter of fact, I do not believe that those items I have referred to can be reduced. They are based on the pay act, and most of the departments are absorbing the entire cost of the pay act. Many of the others we have had hearings on, and will come up in the deficiency bill which we hope to present to the House on Friday

and take up the first of the week. The resolution comes here with the unanimous report from not only the subcommittee but the full committee this morning, and we hope that it may go through the Senate just as it is so that the agencies may be supplied with the necessary funds.

The joint resolution was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

PERMISSION TO ADDRESS THE HOUSE

Mr. MATHEWS. Mr. Speaker, I ask unanimous consent to address the House for 1 minute.

The SPEAKER. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

A NURSE'S VIEW ON COMMUNISM

Mr. MATHEWS. Mr. Speaker, this morning I obtained the opinion of a lady who is a registered nurse, and an experienced social-service worker, in regard to the President's plan for aid to Greece and Turkey. She said that she approved the giving of money, food, and other things to the people of these needy nations, but that to launch military campaigns, and by force or threat of force compel or attempt to compel the governments of these nations to become or remain democracies, would be doing exactly what we object to Russia doing. She said that she does not know just how far we should go in the expenditures of those moneys, but she does not think we should expend such enormous sums of money to combat communism elsewhere when we need to combat it very much in this country.

Tomorrow morning I hope to have another report for you.

SPECIAL ORDERS GRANTED

orders heretofore entered, I be permitted to address the House for 30 minutes on the subject The Geneva Trade Conference Program.

There was no objection.

Mr. RICH. Mr. Speaker, I ask unanimous consent that on Tuesday next, following any special orders heretofore entered, I be permitted to address the House for 15 minutes.

PERMISSION TO ADDRESS THE HOUSE

Mr. MERROW. Mr. Speaker, I ask unanimous consent to address the House for 1 minute and to revise and extend my remarks.

The SPEAKER. Is there objection to the request of the gentleman from New Hampshire?

There was no objection.

OIL

Mr. MERROW. Mr. Speaker, failure to adopt the President's program for extending aid to Greece and Turkey means that Soviet Russia with her foreign policy of expansion and aggression will control the Mediterranean Sea and the Middle East. It is perfectly obvious that this will imperil American oil interests in the Middle East. To prevent this we must be firm and resolute. During World War II great inroads were made on the oil reserves in the United States. In the event of future trouble the almost illimitable supply of oil in Arabia will be of paramount importance to our national defense. To protect our national interests and to help guarantee our security we must not allow the Middle East to be overrun by a power whose actions clearly indicate an unfaltering determination to dominate all the earth.

When in 1950 the proposed 1,000-mile, 30- and 31-inch pipeline, at a cost of \$115,000,000 extending from Saudi Arabia through Transjordan, Lebanon and Syria to the Mediterranean, is completed the production of oil will be stepped up from 200,000 barrels a day to 500,000 barrels a day.

I, for one, do not wish to see the security of the United States endangered by the possible cutting off of this oil supply. We must prevent the Mediterranean and the Middle East from falling into the hands of a power who refuses to honor her agreements and whose policy is, through Moscow-dominated Communist parties, to control the entire world.

PERMISSION TO ADDRESS THE HOUSE

Mr. SNYDER. Mr. Speaker, I ask unanimous consent to address the House for 1 minute.

The SPEAKER. Is there objection to the request of the gentleman from West Virginia?

There was no objection.

CUSTOMS BUREAU

Mr. SNYDER. Mr. Speaker, yesterday there appeared in the Washington Times-Herald an editorial to the effect that by reason of the budget of the Customs

Bureau being reduced, the staff at the port of New York had to be reduced from 840 to 100—that it was necessary to notify 740 of the staff at the New York port, including 600 veterans, of their dismissal.

This action on the part of the Customs Bureau is not understood. The Customs Service is receiving \$3,165,000 more in 1948 than they received in 1947. In 1947 there was enough money to employ the necessary personnel at the New York port. In 1948, with more money, 740 have to be dismissed because there is not sufficient money. This does not make sense.

This matter should be checked into by the Committee on Expenditures in the Executive Departments and as a member of that committee, I am going to urge such action.

The Congress is appropriating sufficient money to carry on essential Government activities. I believe it is imperative that the Congress follow through to see that the bureaus or agencies themselves do not sabotage the economic program. This action on the part of the Customs Bureau should be investigated, as well as like actions of other bureaus if they occur.

If any administrative or Government official is not efficiently and effectively carrying out his duty and responsibility, the matter should be brought to the attention of the Chief Executive of this Nation by appropriate action by the Congress.

PERMISSION TO ADDRESS THE HOUSE

Mr. LANE. Mr. Speaker, I ask unanimous consent to address the House for 1 minute and to revise and extend my remarks.

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

FOR A FEDERAL SYSTEM OF TRAFFIC LAWS

Mr. LANE. Mr. Speaker, they call us the United States of America, but when it comes to our prize product, the automobile, and the jungle of laws in the 48 States regarding traffic regulation, we appear to be the most disunited Nation on earth.

When drivers are not slaughtering others or themselves, they are being held up in every State across the Nation and summarily fined for infractions they did not commit by justices of the peace whose every whim is law.

We boast that we are the most peace-loving Nation on earth, yet the yearly toll of deaths and injuries on our highways reads like a major battle.

If you intend to make a transcontinental trip by car, you might just as well face the fact that each State you pass through, is like a separate nation in itself, with surprisingly different regulations concerning automotive traffic.

In this chaotic situation, even the best of drivers and the best of citizens will, unwittingly, break some traffic law, endangering the lives of others, or becoming one of the 6,500,000 people who pass through municipal traffic courts each year. And, as far as the justices of the peace are concerned, the national aver-

of the House of Representatives, if any, may be considered to be legally qualified to serve as a member of the National Archives Trust Fund Board. The Board has certain responsibilities with reference to trust funds deposited in the Treasury of the United States, and it is necessary for it to take formal action from time to time.

Sincerely yours,

SOLON J. BUCK.

MARCH 22, 1947.

HON. SOLON J. BUCK,
The Archivist of the United States,
Washington, D. C.

DEAR SIR: I have before me your letter dated March 19, 1947, in which you request information as to what Members of the House of Representatives, if any, may be considered to be legally qualified to serve as a member of the National Archives Trust Fund Board.

Section 300f, title 44, United States Code, provides as follows:

"There is created a National Archives Council composed of the Secretaries of each of the executive departments of the Government (or an alternate from each department to be named by the Secretary thereof), the chairman of the Senate Committee on the Library, the chairman of the House Committee on the Library, the Librarian of Congress, the Secretary of the Smithsonian Institution, and the Archivist of the United States. * * *"

Section 300bb, title 44, United States Code, referring to the National Archives Trust Fund Board, reads as follows:

"The Board is hereby created and established, to be known as the National Archives Trust Fund Board, which shall consist of the Archivist of the United States, as chairman, and the chairman of the House Library Committee and the chairman of the Senate Library Committee."

Rule XI (1) of the rules of the House of Representatives provides in part as follows:

"All proposed legislation, messages, petitions, memorials, and other matters relating to the subjects listed under the standing committees named below shall be referred to such committees, respectively:

"(e) Committee on Post Office and Civil Service:

* * * * *

6. The National Archives."

Section 224, Public Law 601, Seventy-ninth Congress, known as the Legislative Reorganization Act, under the heading "Transfer of functions," reads as follows:

"The functions, powers, and duties imposed by statute, resolution, or rule of either House of Congress on the effective date of this section on a standing committee of the Senate or the House of Representatives (or the chairman thereof) are, insofar as they are consistent with this act, hereby transferred to that standing committee created by this act (or the chairman thereof) to which is transferred the legislative jurisdiction over the subject matter to which such functions, powers, and duties relate; except that the chairman of the Committee on Civil Service of the Senate and the chairman of the Committee on Post Office and Civil Service of the House created by this act shall be members of the National Archives Council."

There is no question, of course, as to the membership of the chairman of the House Committee on Post Office and Civil Service on the National Archives Council.

Inasmuch as the jurisdiction over the National Archives has been placed in the Committee on Post Office and Civil Service it would be my opinion that the chairman of that committee would now be a member of the National Archives Trust Fund Board.

Very truly yours,

JOSEPH W. MARTIN, Jr.

APPROPRIATIONS TO SUPPLY DEFICIENCIES IN CERTAIN APPROPRIATIONS FOR THE FISCAL YEAR ENDING JUNE 30, 1947, AND FOR OTHER PURPOSES

MARCH 26, 1947.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. TABER, from the Committee on Appropriations, submitted the following

REPORT

[To accompany H. J. Res. 159]

The Committee on Appropriations, to whom was referred the House Joint Resolution 159, making appropriations to supply deficiencies in certain appropriations for the fiscal year ending June 30, 1947, and for other purposes, reports the same to the House with the recommendation that the joint resolution be passed.

The estimates on which the items in the joint resolution are based were included in House Document 117, which embodied the President's message transmitting to the Congress recommendations for appropriations to meet requirements of various laws passed by the Seventy-ninth Congress increasing compensation of employees of the Government. The total cost of these laws was \$598,986,000. The amount recommended to be appropriated by the President was \$363,662,903, including \$10,264,270 from corporate and other funds, the difference, \$235,323,097, having been absorbed within available funds.

Public Law 390, the act increasing compensation of the employees of the General Government, accounts for the largest amount of the funds involved. Of the total cost of the various acts, \$598,986,000, Public Law 390 requires \$417,056,650. This act carried a provision fixing ceilings on the total number of employees in certain categories with a view to forcing the absorption of a portion of the cost of the act by reduction in the number of personnel. These total ceilings under the law were allocated by the Bureau of the Budget among the departments and agencies involved and resulted in total savings of \$233,704,561.

Public Law 386, providing increases for the field employees of the postal service, accounts for a total cost of \$174,353,316, of which it is possible to absorb \$1,364,116.

The joint resolution proposes a total appropriation of \$243,255,607 as follows:

Legislative branch.....	¹ \$3, 977, 711
The Judiciary.....	1, 763, 996
Executive Office of the President.....	479, 950
Veterans' Administration.....	48, 272, 500
Federal Works Agency.....	4, 321, 100
Other independent offices.....	3, 571, 150
Post Office Department.....	176, 642, 400
District of Columbia.....	4, 226, 800
Total.....	243, 255, 607

¹ This is a reduction of \$999,386 below the estimates which were computed on a gross basis and accounted for very little absorption. Through lapses from unfilled positions it now is possible to make the substantial reduction shown.

Upon the receipt of the budget estimate in February, the committee instituted a survey of the items proposed with a view to reducing such amounts wherever possible. The items included in the accompanying resolution aside from the legislative branch are for those agencies of the Government where the committee has completed its study and determined that no absorption, above that proposed in the budget estimate, can be expected.

A number of the appropriations involved require supplementation to meet pay rolls at an early date which is the occasion for reporting the accompanying joint resolution and requesting immediate consideration.

The committee has made a careful analysis of every appropriation which is being supplemented by funds proposed in the accompanying joint resolution and is convinced that the amounts proposed are the irreducible minimum.

As to the other agencies of the Government, not included in the accompanying resolution, the committee has not completed its study and will make recommendations with respect thereto in a general deficiency bill to be reported to the House in the near future.

HIGHLIGHTS: Senate passed sugar-controls continuation measure; agreed to end rationing by Oct. 31. Both Houses passed bill to continue various war powers other than sugar and rubber. House passed tax-reduction bill. Rep. Taber got permission to report deficiency appropriation bill today after adjournment. President approved bill making appropriations to combat foot-and-mouth disease.

SENATE

1. **SUGAR CONTROLS.** Passed, 46-34, with amendments H. J. Res. 146, to continue sugar controls and transfer them to this Department (pp. 2832-68).
- Before taking up the House measure, the Senate acted on various amendments to its own measure, S. J. Res. 58. It agreed to the following amendments:
- By Sen. Tobey, N. H., to provide for 35 pounds of sugar for each person and up to 50 pounds if supplies become available; by a 49-32 vote (pp. 2832-46).
 - By Sen. McCarthy, Wis., to end sugar rationing on Oct. 31, 1947, but to retain inventory controls over consumers other than household users; by a 45-35 vote (pp. 2847-59).
 - By Sen. Wherry, Nebr., to make available 50,000 tons of sugar for hardship cases for new businesses (p. 2861).
 - By Sen. Tobey, to provide that annual and sick leave shall be transferred with the employees and that they shall be entitled to the benefits of the Veterans' Preference Act of 1944 "to the same extent and effect as though they had remained employees of the agency from which transferred until the termination of such functions" (p. 2847).
- Rejected the following amendments:
- By Sen. McCarthy, to give housewives an allowance of 40 pounds between April 1, 1947, and Oct. 31, 1947 (in effect 10 additional pounds for canning); by a 32-47 vote (pp. 2859-61).
 - By Sen. Wherry, to provide 40 pounds a year for each person and 15 additional pounds for canning; by a 34-44 vote (pp. 2861-2).
- The Senate then took up H. J. Res. 146 and substituted the language of S. J. Res. 58 as it had been amended (p. 2862). Before passage of the measure, Sen. O'Mahoney moved to recommit the bill (in reference to the Oct. 31 date),

but a motion by Sen. Taft to lay the O'Mahoney motion on the table was agreed to by a 44-36 vote (pp. 2865-7).

Sens. Tobey, Flanders, and Maybank were appointed Senate conferees (p. 2868).

2. WAR POWERS. Passed as reported S. 931, to extend until June 30, 1947, for liquidation, various powers under the Second War Powers Act except for those relating to rubber and sugar, which are covered by separate measures (pp. 2830-2).
3. APPROPRIATIONS. The Appropriations Committee reported without amendment H.J.Res. 159, making deficiency appropriations to cover pay costs of various departments (does not include USDA) (S.Rept. 79) (p. 2822).
4. GARBAGE DISPOSAL. Sen. Capper, Kans., submitted an amendment to be proposed by him to H.R. 597, to provide a means of controlling the handling of garbage from vessels, railway cars, aircraft, and other vehicles in territorial waters and on lands of the U.S. in order to reduce risk of diseases from such refuse and afford protection to American agriculture and to the public (p. 2824).
5. TVA AUDIT. Sen. Aiken, Vt., inserted a summary of the GAO audit of the TVA (pp. 2827-30).
6. PRICES. Sen. Morse, Oreg., inserted and discussed Blair Moody's articles on price reductions (pp. 2868-70).
7. RESEARCH. S. 526, as reported (see Digest 57), establishes a National Science Foundation comprised of a board of 24 members appointed by the President and confirmed by the Senate to formulate, and to encourage the pursuit of, an overall national policy for scientific research and education; provides for the biennial election from the board membership of a nine-man executive committee which will appoint a full-time director of the Foundation and confirm his appointment of a deputy director; and established an Interdepartmental Committee on Science, of which the Secretary (or his designee) would be a member, to prevent duplication of research programs by Government agencies. The bill would prevent the Foundation from exercising mandatory control over the research of Government agencies, but authorize it to carry out research programs in areas not otherwise covered by public or private programs by means of contracts, grants, loans, or other forms of assistance. Initially the Foundation would consist of divisions of (1) medical research, (2) mathematical, physical, and engineering sciences, (3) biological sciences, (4) national defense, and (5) scientific personnel and education, with each division having an advisory committee of not less than five members, who may or may not be members of the foundation. The bill also authorizes the awarding of scholarships and fellowships for scientific study and work at accredited colleges and universities; directs the Foundation to protect Government interests and individual equities by operating within existing patent practices of the Government, and authorizes appropriations to remain available for 4 years after obligation.

HOUSE

7. TAXATION. Passed as reported, 273-137, H.R. 1, the tax bill (pp. 2772-808).
8. WAR POWERS. Passed with amendment, substituting the language of H.R. 1983, S. 931, to continue certain war powers under Title II of the Second War Powers Act (pp. 2811-5). Reps. Michener, Springer, Fellows, Devitt, Walter, Byrne (N.Y.), and Cravens were appointed conferees (p. 2815). As passed the bill

Senate

THURSDAY, MARCH 27, 1947

(Legislative day of Monday, March 24, 1947)

The Senate met at 12 o'clock meridian, on the expiration of the recess.

The Chaplain, Rev. Peter Marshall, D. D., offered the following prayer:

Our Father, that we stand to join our hearts in prayer is our acknowledgment of our great need of Thy guidance. We know that by ourselves we are not sufficient for these days, or for problems beyond the measure of our best wisdom. We are finding out that government of the people by the people is not good enough. We pray for government of the people by God. As this Nation was founded under God, so we confess that our freedom, too, must be under God. Then, and only then, shall we achieve the peace we seek and the righteousness which alone exalteth a nation.

Hear our prayer, O God, and grant unto the Members of this body Thy guidance, we humbly beseech Thee in Jesus' name. Amen.

(Mr. IVES (for himself, Mr. SALTONSTALL, Mr. SMITH, Mr. MORSE, Mr. CHAVEZ, Mr. DOWNEY, Mr. MURRAY, and Mr. MYERS) introduced Senate bill 984, to prohibit discrimination in employment because of race, religion, color, national origin, or ancestry,

S. 989. A bill to amend the Trading With the Enemy Act so as to permit certain aid to civilian recovery in occupied zones; to the Committee on Civil Service.

PREVENTION OF DISCRIMINATION IN EMPLOYMENT

Mr. IVES. Mr. President, out of order, I ask unanimous consent to introduce a bill and request that it be appropriately referred. In doing this I want to state the reasons for and the purposes of the bill.

It will be called, if enacted into law, the National Act Against Discrimination in Employment. It is not an FEPC bill, and I should like to have that definitely understood. It proposes to establish a new approach for handling the problem of discrimination in employment—discrimination because of race, religion, color, national origin, or ancestry.

Heretofore, as I understand, legislation on this subject which has been proposed in the Congress of the United States has contained a large measure of legal compulsion. I do not believe in legal compulsion in dealing with problems of this kind. It is necessary to have a certain amount of it—a minimum—otherwise, no attention whatever is paid to that which the legislation attempts to do. To that extent this bill has a minimum of legal compulsion, with minor penalties.

What this bill does do is to make a new approach—an approach by mediation, by conference, by conciliation—in the handling of these problems, and in dealing with this particular problem which has to do with discrimination in employment this particular step is mandatory in the bill. Moreover, the bill provides for a broad educational ap-

APPROPRIATIONS TO SUPPLY DEFICIENCIES IN CERTAIN
APPROPRIATIONS FOR THE FISCAL YEAR ENDING
JUNE 30, 1947

MARCH 27 (legislative day, MARCH 24), 1947.—Ordered to be printed

Mr. BRIDGES, from the Committee on Appropriations, submitted the following

REPORT

[To accompany H. J. Res. 159]

The Committee on Appropriations, to whom was referred the joint resolution (H. J. Res. 159) entitled "Joint resolution making appropriations to supply deficiencies in certain appropriations for the fiscal year ending June 30, 1947, and for other purposes," report the measure favorably and recommend its immediate consideration and passage by the Senate.

Under date of February 13, 1947, there was transmitted to Congress House Document No. 117, proposing additional appropriations for the fiscal year 1947 in the amount of \$353,398,633, together with \$10,264,270 from corporate and other funds, to cover that portion of the cost of several pay bills which it was estimated the various agencies would not be able to absorb within available funds. The specific acts involved are (1) the Federal Employees' Pay Act of 1946 (Public Law 390), which is principally applicable to employees under the Classification Act; (2) Public Laws 317, 386, and 577, which granted increases to employees of the postal service; (3) Public Laws 491 and 568 relating primarily to certain employees of the District of Columbia; and (4) Public Laws 567 and 582, which increased the compensation of justices and judges and the fees of commissioners.

The total estimated cost of the foregoing laws for the fiscal year 1947 is \$598,986,000.

In House Document 117, the President recommended that \$363,662,903 be appropriated, including \$10,264,270 from corporate and other funds; the difference, \$235,323,097, having been absorbed within available funds.

Of the estimate of \$363,662,903 contained in House Document No. 117, House Joint Resolution 159 proposes that \$243,255,607 be appropriated at this time. The remaining items in House Document

No. 117, totaling \$120,407,296, are still pending before the House Committee on Appropriations.

The House committee in its report on House Joint Resolution 159 states that, upon receipt of the estimate in February, a survey of the items proposed was instituted with a view to reducing the requested amounts wherever possible. The House report further points out that the items included in House Joint Resolution 159, aside from the legislative branch, are for those agencies of the Government where the committee has completed its study and has determined that no absorption, above that proposed in the budget estimate, can be expected.

The break-down, by agencies, of the \$243,255,607, proposed to be appropriated by House Joint Resolution 159, is as follows:

Legislative branch.....	¹ \$3, 977, 711
The Judiciary.....	1, 763, 996
Executive Office of the President.....	479, 950
Veterans' Administration.....	48, 272, 500
Federal Works Agency.....	4, 321, 100
Other independent offices.....	3, 571, 150
Post Office Department.....	176, 642, 400
District of Columbia.....	4, 226, 800
Total.....	243, 255, 607

¹ This is a reduction of \$999,386 below the estimates which were computed on a gross basis and accounted for very little absorption. Through lapses from unfilled positions it now is possible to make the substantial reduction shown.

The House committee pointed out in its report that the reason for recommending the passage of House Joint Resolution 159 at this time, prior to the completion of its survey of all the items submitted in House Document No. 117, is the fact that a number of the appropriations involved in House Joint Resolution 159 require supplementation to meet pay rolls at an early date.

80TH CONGRESS
1ST SESSION

H. J. RES. 159

[Report No. 79]

JOINT RESOLUTION

Making appropriations to supply deficiencies in certain appropriations for the fiscal year ending June 30, 1947, and for other purposes.

MARCH 26, 1947

Read twice and referred to the Committee on
Appropriations

MARCH 27 (legislative day, MARCH 24), 1947

Reported without amendment

Buildings and grounds. "The committee has approved an item of \$2,700,000 for salaries and expenses for maintenance and operation of public buildings and grounds in the District of Columbia. The item is necessary largely because of failure of the original budget for 1947 to include estimates for all charges. During the war it was probably necessary for this item to be handled on a deficiency basis, but the committee sees no need for that approach in the future. The Bureau of the Budget should immediately restudy the pending 1948 estimate, with a view to making such revisions therein as may be necessary to provide for the whole cost in the original appropriation."

Foreign relief. "There is also pending before the committee an estimate of \$725,000,000 for these purposes for the fiscal year 1948. The amount of \$300,000,000, included in the accompanying bill, will provide all necessary supplies required until September or October. The committee is willing, of course, to make reasonable provision of funds for feeding the peoples of the vanquished countries but is also anxious to see every step, consonant with the interests of the United States and its Allies and the establishment of the peace of the world, toward placing these nations on a self-sufficient basis so far as food and other human requirements are concerned, accomplished at the earliest practicable date."

It is expected that debate on this bill will begin today.

2. SUGAR CONTROLS. Reps. Wolcott, Gamble, Smith of Ohio, Kunkel, Spence, Brown of Ga., and Patman were appointed conferees on H. J. Res. 146, to continue sugar controls and transfer them to this Department (p. 2916).
Received the conference report on this measure (pp. 2917-8). The revised measure is similar "in most respects" to the measure as passed by the House. However, the revision changes the provision regarding hardship cases, new users, and users who have no base-period history; requires 25,000 tons of refined sugar to be made available to these persons; provides for 35 pounds a person and up to 50 pounds if supplies become available; and carries the following personnel provision: "The annual and sick leave of personnel so transferred shall be transferred with them; and they shall be entitled to the benefits of section 14 of the Veterans' Preference Act of 1944 to the same extent and effect as though they had remained employees of the agency from which transferred until the termination of such powers, functions and duties. Any personnel so transferred shall not, by virtue of their temporary employment in the Department of Agriculture, acquire or be entitled to any right to employment in such Department in connection with the exercise of any power, function, or duty other than one transferred under this Act."
3. APPROPRIATIONS. Received from the President a 1948 Budget amendment eliminating the requirement that CCC maintain its accounts on an accrual rather than obligation basis and, accordingly, reducing the CCC administrative-expense limitation by \$50,000 (H.Doc. 186) (p. 2931). To Appropriations Committee.
4. TOBACCO MARKETING. The Agriculture Committee reported without amendment H. J. Res. 152 (H. Rept. 199) (p. 2931). This measure provides that, beginning with the 1947-8 marketing year, the Secretary shall proclaim a national marketing quota for Va. sun-cured tobacco whenever marketing quotas are proclaimed or are in effect for fire-cured tobacco, and shall hold a referendum thereon; and, if approved in the referendum, quotas for Va. sun-cured tobacco shall be in effect for those marketing years in which quotas are in effect for fire-cured tobacco.
5. WAR POWERS. Both Houses received the conference report on S. 931, to extend certain war powers under Title III of the Second War Powers Act (S.Doc. 25) (pp. 2914, D73). Earlier in the day Sens. Donnell and Magnuson had been named addi-

tional conferees (p. 2914). The bill agreed on by the conferees removes after Mar. 31, 1947, all war powers unless extended by specific legislation, with the exception of the powers under Title III, which shall remain in force until June 30, 1947 for the purpose of allocating certain drugs, fibers, metals, tractors for export, the use of railroad transportation equipment, and certain other materials for export. The bill also prohibits the allocation of any materials not being allocated on Mar. 24, 1947, and specifically states that its provisions do not apply to sugar and rubber.

6. ELECTRIFICATION. Rep. Trimble, Ark., spoke on the progress of electric power projects in Ark. and urged cooperation between private companies and Government programs (pp. 2929-31).

7. ADJOURNED until Mon., Mar. 31 (p. 2931).

SENATE

8. APPROPRIATIONS. Passed without amendment H.J.Res. 159, making deficiency appropriations to cover pay costs of various departments (does not include USDA) (p. 2906). This measure will now be sent to the President.

9. TRANSPORTATION. Passed without amendment H.R. 1240 and H.J.Res. 76, to suspend certain navigation and inspection laws pertaining to the operation of vessels operated by the War Department and the merchant marine (pp. 2882-3). These measures will now be sent to the President.

10. SELECTIVE SERVICE. Agreed to House amendments to S. 918, to establish an Office of Selective Service Records to liquidate the Selective Service System following the termination of its functions on Mar. 31, 1947, and to preserve and service the selective-service records (pp. 2979-80). This bill will now be sent to the President.

11. COMMODITY EXCHANGE. Received from this Department the final report of an investigation by the Commodity Exchange Authority of the recent decline in the cotton market and suggesting possible remedies to prevent a repetition (p. 2876).

12. FLOOD CONTROL. Received Calif. Legislature resolutions urging appropriations for the construction of flood-control projects in Merced County, Calif. and on the San Joaquin River (p. 2876).

13. AUDIT REPORT. Received from GAO the audit reports of the Home Owners' Loan Corporation for the fiscal years 1945 and 1946 (p. 2876).

14. PUBLIC LANDS. Agreed to a resolution granting the Public Lands Committee additional time (until May 31, 1947) to make its final report on investigation of the administration of public lands during the 79th Cong. (p. 2880).

15. NATIONAL DEFENSE INVESTIGATION. Agreed to a resolution granting the National Defense Investigation Committee an additional \$150,000 to conduct investigations (p. 2911).

16. ELECTRIFICATION; RECLAMATION. Sen. Morse, Oreg., spoke in favor of continuing the development of power, reclamation, flood control, and soil conservation projects in the Pacific Northwest, and inserted resolutions from Portland, Oreg., on the subject (pp. 2911-13).

17. RECESSED until Mon., Mar. 31 (p. 2915).

for a comment on the particular subject now under discussion?

Mr. LUCAS. I yield.

Mr. HICKENLOOPER. I may say that the acting majority leader has evolved a program which he believes will operate with greater efficiency than would some other program. I shall not try to oppose it too vigorously, but I express my hope that the Senate will meet this evening, and that it may be in session tomorrow, so that debate on the Lilienthal nomination may be continued, because as I said to the Senate today at the time of convening, I am convinced in my own mind beyond all question of doubt that the vital and almost controlling interest of the United States demands that this question be settled one way or the other with the greatest possible expedition. It is a matter which is beyond the individual convenience of Members of the Senate. It rises far above whether any Senator—and this is no criticism of the Senator from Illinois—whether any Senator wants to go away for the week end or not. In my opinion it goes beyond the question of all private convenience of the Members of the Senate. I can only register my hope, and my insistence, if you please, so far as my one voice is concerned, that the Senate proceed with this matter even though it be arduous work, and continue with it at all possible times and at all reasonable and available hours until it is brought to a finality one way or the other.

Mr. LUCAS. Mr. President, I appreciate what the distinguished Senator from Iowa has said concerning the importance of continuing the debate on the pending nomination and the desirability of concluding action on the question at the earliest possible time. I think I fully realize the importance of having action on the subject concluded with some dispatch, whether it means the confirmation of the nominees or not.

My only query, Mr. President, was with respect to what the majority was going to do, because after all the majority control this situation, and they can either decide to have a session of the Senate tomorrow or to dispense with a session of the Senate tomorrow. So far as the Senator from Illinois is concerned, I certainly have no objection to a night session tonight if the majority desire to have one. I shall have no objection if the majority desire to have a session of the Senate tomorrow, at which the nomination of Mr. Lilienthal will be discussed.

Certain Members on this side of the aisle requested me to propound the inquiry in order to ascertain what the majority were going to do so they could make their plans accordingly. If the majority do not propose to have a session of the Senate tomorrow, then some Senators on this side of the aisle perhaps expect to leave for the week end. If the majority expect to have a session of the Senate tomorrow, the Senators will be present. It is up to the majority whether the Senate shall have a session tonight or tomorrow. So far as I am concerned, it will be perfectly satisfactory to me if such sessions are held. I certainly appreciate the seriousness of the situation, and I thoroughly agree with my friend the Senator from Iowa.

Mr. McMAHON. Mr. President, will the Senator yield?

Mr. LUCAS. I yield.

Mr. McMAHON. I thank the Senator. I cannot permit this occasion to pass without registering my thorough-going approval of what has been said by the Senator from Iowa [Mr. HICKENLOOPER], the distinguished chairman of the Senate section of the committee. It is perhaps because we of the committee have lived with this problem now for some 18 months that we are so firm in our belief that it is absolutely necessary, in the interest of the safety of the United States, that the Senate conclude this matter and conclude it speedily.

Our Government has announced a new diplomatic policy to support democracy in Greece and Turkey, and that proposition is being considered now before the Senate Foreign Relations Committee. Mr. President, I say that I have a deep conviction that that is a matter of the highest importance. But certainly it is no more important, if even as important, as seeing to it that we proceed quickly with the business in hand. We are not proceeding with it as quickly as we should proceed. We cannot get ahead with it until we settle the question of the confirmation of the members of the Atomic Energy Commission, which will then be able to offer employment to the kind of scientists who lead the universities and who, when they know there is a settled policy and who is going to conduct it, will push this program ahead. I say that every day we delay the confirmation of these nominations we trifle with the safety of the country and tamper with the destiny of the world.

Mr. MORSE. Mr. President, will the Senator yield?

Mr. LUCAS. I yield.

Mr. MORSE. I wanted to make an inquiry respecting the program of the Senate, because I think the Senator from Illinois is quite right in trying to reach an understanding now as to what we are going to do the remainder of the day as well as tomorrow. I do not think the Senator from Illinois should be in a position of excusing Members from his side of the aisle any more than Members on this side of the aisle should excuse other Members on this side from attendance on the Senate. If there is a possibility of a vote being had tonight on any phase of the Lilienthal matter, I think the Senator from Illinois ought to have a definite understanding as to what is going to happen during the remainder of the day as well as tomorrow.

Mr. LUCAS. Mr. President, I concur in what the Senator from Oregon has said. The reason I propounded the inquiry was in order that we might reach a definite understanding as to what the program would be for the remainder of the afternoon and evening, and certainly whether the Senate will meet tomorrow. Certain Senators have spoken to me about the program, and wanted to know what it would be. That is why I asked the able Senator from Nebraska what the program was to be.

Mr. WHERRY. Mr. President, I have already answered the Senator's inquiry. I stated that we would continue to discuss the nomination today and do the

very best we could in forwarding the matter now pending before the Senate. Of course, it was to be expected that we would have a few statements by Senators who are always anxious to hold the Senate in session at night. Some who would stress the great emergency that exists are the very ones who have asked for vacation periods within the next few days. I will say that more Senators on the other side of the aisle have asked me whether there would be a session tonight and tomorrow, and expressed the hope that there would not be, than have Senators on this side of the aisle.

We are trying to do the best we can to expedite this matter. I believe we have done well so far. The policy committee has set a pace which, if we keep up with it, will dispose of the work that is in process. I am merely the acting majority leader. Personally, I should like to have the Senate stay in session every minute possible, and continue in session tonight as late as we did last night. If Senators wish night sessions, that is all right with me. The chairman of the policy committee is present, and I shall ask him to explain what he proposes with respect to tomorrow, and also next week.

Mr. TAFT. Mr. President, I do not think the Senate does its best work if it is forced to hold too many or too long sessions. I think that if we meet every day from 12 until 6 for 5 days a week, we need the remainder of the time to do the other kind of work Senators have to do, unless there is a real emergency in a particular case when we can finish consideration of a bill, as we did last night by sitting until after 7:30. The Lilienthal nomination is now before us. So far as I now know nothing else will interrupt consideration of that nomination. The distinguished Senator from Michigan [Mr. VANDENBERG] has informed me that the Foreign Relations Committee desires to take up the matter of the Greek and Turkish loan on Monday, April 7. We therefore have all of next week to discuss the Lilienthal nomination. So far as I know nothing has developed to indicate that there is anything in the nature of a filibuster going on or an effort to delay, or anything but the desire on the part of Senators to make their statements as they wish to make them. Should it appear that there is likely to be some delay that would tend to carry it over until Monday of the following week, I should say that by the time we reach Wednesday we ought to meet Wednesday night and Thursday night. I hope we may avoid a session on Good Friday by such night sessions, if necessary. But if we cannot finish the Lilienthal matter by Thursday night, I think we shall have to meet Friday and Saturday of next week, notwithstanding the fact that we are so close to Easter. Our desire is to finish consideration of the Lilienthal nomination, but I see no reason why it should not be finished in the regular time of the Senate on Monday, Tuesday, Wednesday, and Thursday, if we can proceed without interruption. We now have it before us for full-time discussion.

Mr. McMAHON. Mr. President, will the Senator yield?

Mr. TAFT. I yield.

Mr. McMAHON. Of course it is spilled milk, or water over the dam, but I think the Senator might agree with me that it is too bad that this nomination was reported on March 10, and that we did not begin to discuss it until March 24. During the intervening two weeks we took the time to dispose of the Presidential tenure bill, which certainly did not have any particular urgency behind it. Certainly the portal-to-portal legislation could have waited until we got this vitally important matter out of the way.

Mr. TAFT. The Senator will remember that that bill was already the unfinished business of the Senate. The portal-to-portal bill was also here before the nomination. Unfortunately, as is so frequently the case, they took longer than we expected. But I think the Senate has worked as diligently as I have ever seen it work, and we have disposed of business as rapidly as possible.

Mr. HICKENLOOPER. Mr. President, will the Senator yield?

Mr. TAFT. I yield.

Mr. HICKENLOOPER. I should like to ask the Senator his opinion as to whether we can reach a vote this evening on the motion to recommit.

Mr. TAFT. My impression is that it ought not to be voted upon until the whole subject is debated. It is open to debate. I expect to make a speech on the Lillienthal nomination, and I should like to make it while this motion is pending. I see no reason why there should be a vote on the motion to recommit until the whole subject has been discussed by the Senate. That is my personal opinion. I am not speaking from the standpoint of party policy. I am only stating my own opinion. Personally, I would object to voting until I have an opportunity to speak on the Lillienthal nomination.

Mr. HICKENLOOPER. I can see very many sound reasons for delaying a vote on the motion to recommit until Senators have had an opportunity to discuss the question and canvass the field. I asked the question merely to learn what the Senator thought, and to try to ascertain the anticipated program with regard to that motion.

Mr. TAFT. I believe that the sooner we cease discussing the program, which I think is clear, the sooner we can get on with the business in hand.

Mr. LUCAS. Mr. President, will the Senator yield?

Mr. TAFT. I yield.

Mr. LUCAS. The Senator spoke about the possibility of holding a session Friday and Saturday of next week, in the event we do not finish consideration of the pending business by Thursday night. I think that would interfere with the plans of certain Senators on this side of the aisle who are anticipating making Jefferson day speeches. I believe the Republicans recently made Lincoln Day speeches. We were very kind and considerate of Senators on the other side, and permitted Republican Senators to go over the country and spread the doctrine of Lincoln. We would like to have the opportunity to reciprocate by spreading a little Jeffersonian doctrine on Friday and Saturday. I think most of the banquets will be on Saturday night. If there

is a possibility of holding a meeting on either Saturday, we would much prefer to hold it tomorrow.

Mr. TAFT. I see no reason why we should not finish the Lillienthal matter in 4 days next week, including two night sessions. I think the possibility of a Friday session might hasten the procedure next week. That is the only reason I suggested it. We certainly ought not to interfere with the education of the people which is contemplated by the minority leader and his friends.

Mr. LUCAS. I hope we can conclude by Thursday night, so that Senators may get away. Speaking for myself, any Jeffersonian speech I may make will have to wait a year if the Lillienthal nomination is not disposed of.

DEFICIENCY APPROPRIATIONS

Mr. BRIDGES. Mr. President, I ask unanimous consent, as in legislative session, for the present consideration of House joint resolution 159, which is a joint resolution to provide for certain deficiencies in appropriations for existing departments. Before the request is acted upon, let me say that I believe that with a moment's explanation I can satisfy the Senate that action on the joint resolution will require only a few minutes.

The PRESIDING OFFICER. The joint resolution will be stated by title for the information of the Senate.

The LEGISLATIVE CLERK. A joint resolution (H. J. Res. 159) making appropriations to supply deficiencies in certain appropriations for the fiscal year ending June 30, 1947, and for other purposes.

The PRESIDING OFFICER. Is there objection to the request of the Senator from New Hampshire?

Mr. McMAHON. Mr. President, reserving the right to object, I ask the Senator from New Hampshire if the bill was unanimously favorably reported from the Committee on Appropriations?

Mr. BRIDGES. It was.

The PRESIDING OFFICER. Is there objection to the present consideration of the joint resolution?

There being no objection, the Senate proceeded to consider the joint resolution.

Mr. BRIDGES. Mr. President, this is a simple joint resolution to provide deficiency funds to take care of the increased salaries which the Congress voted for the various departments of government last year. It does not apply to all the departments of Government. It applies to all of them as to which there is no question. The remaining departments, as to which there may be some question, will be taken care of in a later measure.

The principal items are in the Post Office Department, the Veterans' Administration, the Judiciary, the Federal Works Agency, the District of Columbia, the legislative branch, and various independent agencies. I do not believe that Senators will find anything in the joint resolution except provision for the deficiency in carrying out the act of Congress which provided for the pay increases last year. The House checked the items very thoroughly, and we have checked them. I can see no reason for

delaying action. Unless we do our part the March 31 pay roll cannot be met.

The PRESIDING OFFICER. The joint resolution is before the Senate and open to amendment. If there be no amendments to be proposed, the question is on the third reading and passage of the joint resolution.

The joint resolution (H. J. Res. 159) was ordered to a third reading, read the third time, and passed.

ATOMIC ENERGY COMMISSION—NOMINATION OF DAVID E. LILIENTHAL

The Senate resumed the consideration of the nomination of David E. Lillienthal to be a member of the Atomic Energy Commission.

Mr. KNOWLAND. Mr. President, I do not believe that any problem has ever come before the Senate which is more important than is the confirmation of the nominations of the members of the Atomic Energy Commission. I wish to say that my distinguished colleague the junior Senator from Ohio [Mr. BRICKER] was a very regular attendant at all the meetings of the committee. He examined the facts, as the rest of us endeavored to do, in the hearings which extended over a period of 6 weeks. During that entire time the members of the committee held almost daily sessions, at which they had an opportunity to examine witnesses and listen to the evidence. To date there have been presented to the Senate substantially no facts which were not brought to the attention of the 9 members of the Senate Section of the Joint Committee on Atomic Energy.

Mr. HATCH. Mr. President, will the Senator yield? I ask the Senator if he is willing to yield to me for the purpose of suggesting the absence of a quorum. The Senator is a member of the committee, and has been present throughout the hearings; and I consider that what he has to say is most important.

Mr. KNOWLAND. I yield for that purpose.

Mr. HATCH. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The absence of a quorum has been suggested. The clerk will call the roll.

The Chief Clerk called the roll, and the following Senators answered to their names:
